## *The Montana Collection ~ A Classic*

The Montana Collection is a classic of time and design.

Featuring skip peeled logs and accent pieces, this line offers a dramatic contrast to the mass produced, machine peeled logs so prevalent in the marketplace today.

The Master Craftsmen at Montana Woodworks® hand craft each piece with an attentive eye toward creating a one of a kind, heirloom quality item that will last for generations to come.

The items in the Montana Collection are available “ready to finish” lacquered or stained & lacquered. All pieces in the Montana Collection (like all our items) are created one at a time and signed by the artisan who makes it.

## *The Homestead Collection (An Awesome Alternative)*

The Homestead Collection features timbers and trim pieces that are square sawn for a rugged look suggestive of the homes and furniture once found on the western frontier of early America.

This “Timber Frame” or “Barn Wood” style gives the customer the opportunity to own rustic furniture without the look of log furniture.

The items in the Homestead Collection are available ready to finish, lacquered or stained and lacquered.

## *The Glacier Country Collection (A Best Seller)*

Hand crafted by the artisans at Montana Woodworks® the Glacier Country Collection features a truly remarkable finish reminiscent of the “Grand Lodges of the Rockies” circa 1900.

First craftsmen remove the outer bark using an old-fashioned draw knife while leaving the inner cambium layer intact for increased texture and contrast. After assembly each piece is completed in an eight step, professional finish process that applies premium grade stain and clear lacquer for a stunning, low maintenance finish.

The result? Dark rich hues and warm tones provide an extraordinary appearance to compliment your exceptional rustic lifestyle!

## *Available Upgrades*

### Dovetail Drawer Construction & Half Log Fronts

Customers who appreciate the pinnacle of quality insist on these "extra" options.

Add the hallmarks of hand crafting to your case goods by having the master craftsmen at Montana Woodworks® create drawer boxes featuring dovetails and half log drawer fronts.

These optional upgrades are available for a modest up charge.

**GLACIER 5 DR. W/  
HALF LOG FRONTS**

### Laser Engraved Products

Montana Woodworks® is excited to offer select items featuring laser engraved motifs.

Each design incorporates details that bring the setting to life with the composition and elements necessary to capture the essence of the scene.

Items available with engraving include but are not limited to side chairs, captain's chairs, barstools, headboards, footboards, footstools and door fronts of many case goods.

Engravings are completed with a cnc laser to ensure a high quality, scalable and repeatable artwork process.

Contact Montana Woodworks® or your representative for pricing details.

## *More Information*

### *"Checking", A Natural Process*

All rustic furniture is subject to the natural process of "checking". "Checking" or cracking occurs when the wood releases moisture during the drying process and often occurs across the annual growth rings. Checking does not affect the structural performance or integrity of the wood or the product. The degree of checking will vary from item to item and even from log to log. Small pinholes scattered throughout some logs create additional contrast and beauty.

These characteristics add to the uniqueness of our furniture and lend it a unique, rustic appeal that is so popular with our customers. As always, should you have any questions or concerns about our products, do not hesitate to call or e-mail. All Montana Woodworks® products are covered by our 20-year limited warranty and a 90 day, no questions asked return policy.

How to understand our sku's

All items begin with these three basic collection identifiers:

Montana Collection (mc) = mw\*\*

Homestead Collection (hc) = mwhc\*\*

Glacier Collection (gc) = mwgc\*\*

After the "collection identifiers" are the item Designators such as "qb" = queen bed

Example: a Homestead Collection queen bed is "mwhcqb" where "mwhc" stands for Homestead Collection and "qb" for queen bed.

Following the item designators are the finish Specifics:

"Rtf" = ready to finish

V = premium grade clear lacquer

Sl = premium grade stain & clear lacquer

Example: mwhcqbsl

"Mw" stands for Montana Woodworks

"Hc" stands for homestead collection

"Qb" stands for queen bed

"Sl" stands for stain & lacquer finish

## *About Montana Woodworks*

Montana Woodworks®, an environmentally responsible rustic furniture company, is located in the Purcell Mountains of NW Montana. Founded in 1991, the company grew quickly, becoming known nationwide for its skip peeled rustic log furniture. Today, Montana Woodworks® is the premier manufacturer of rustic furniture products in the U.S.A. The company has expanded greatly and now offers several collections encompassing more than 2500 product SKU's. Our furniture may be found throughout North America and Europe.

Lodgepole pine is chosen for its superior strength to weight ratio. It is also straighter thus making it easier to work the raw wood into the highest quality furniture possible. Our lodge pole pine is harvested in the Kootenai National Forest via a very selective process. Skilled woodsmen select each tree with an attentive eye toward the quality, straightness and size of each specimen. After felling, each piece is hand carried to the road to ensure both the tree and the environment remain unharmed. Only trees that are "standing dead" i.e., the tree has died but remains standing, are chosen for our furniture.

"Blue Pine" is created by a discoloration process that occurs as a tree dies. The most prolific form of discoloration are the varying shades of blue and gray. Often referred to as "blue pine", these pieces exhibit unique characteristics that are highly sought after by customers and collectors alike. The varying shades and colors add not only a unique contrast to our furniture, it adds an increased sense of beauty, depth and a strong rustic resonance not found in traditional furniture.

All Montana Woodworks® products are crafted by hand using only solid, American grown wood. Each log, trim or accent piece is peeled by hand using an old-fashioned tool known as a draw knife. We chose this method because it creates a wonderful texture and color contrast to each piece. The Montana Collection features skip peeled logs and accents whereas the Glacier Country Collection has only the outer bark removed, leaving the inner cambium layer intact. For a modest up charge, we also offer the option of having your product "clean peeled", i.e., no bark left on, only the raw wood is visible. For those wanting rustic furniture but not log furniture, the Homestead Collection features timbers and trim that are square sawn for a rugged look suggestive of the homes and furniture once found on the western frontier of early America.

Montana Woodworks® furniture is assembled using the "mortise and tenon" joinery system. Simple and strong, this method of joining multiple individual pieces into a single, rigid assembly has been used for millennia by woodworkers throughout the world. Montana Woodworks® is so confident in this method of joinery and the quality of their products that they provide a 20-year limited warranty on all furniture at no additional cost to the customer.

## *Montana Woodworks, Inc.*

### Montana Woodworks® Corporation Limited Warranty

#### *What does this warranty cover?*

This warranty covers structural defects or aesthetic damage due to negligence by the manufacturer or the shipping agency. The terms "structural damage" and "aesthetic damage" shall be defined on a per item basis by Montana Woodworks, Inc.

#### *How Long does this coverage last?*

This warranty lasts for twenty years from the date of purchase

#### *What will Montana Woodworks® do?*

Montana Woodworks® will, at its sole discretion, repair, replace or refund the original purchase price of the item(s) in question

#### *What does this warranty not cover?*

This warranty does not cover abuse, misuse, neglect, acts of god (such as floods, fire or tornado). Also, this warranty does not include fading, discoloration or cracking due to exposure to sunlight or weather. The edge-glued, solid wood panels used in case goods, tables, etc., are not intended for exterior use. Placement and/or use under such conditions will void this warranty.

Failure to properly protect this product by the proper and timely application and periodic re-application of a quality consumer grade or better finish such as lacquer, varnish or exterior grade, weather resistant stain per the finish manufacturer's directions and as is applicable to the products intended use will void this warranty.

#### *How do you get repairs?*

In order to be eligible for warranted repairs, replacement or refund (the choice of which will be at the sole discretion of Montana Woodworks®) you must either return the warranty registration card within 30 days of the original date of purchase or present a copy of the original receipt with the date and location of the original purchase. Please be prepared to present pictures of the item showing specific damage or defect resulting in the claim.
